Tuesday & Friday: Active Recovery

Weeks 1-2: Tue Sep 29, Oct 6; Fri Oct 2, Oct 9 | RPE 2-3 | 25-30 min

Tuesday: Extra time on shoulders and upper back after Monday's bag work. Friday: Extra time on legs and hips after Thursday's lifting.

Recovery protocol

If you finish sweaty, you did too much.

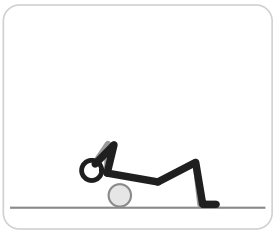
- Easy walk: 15-20 min, relaxed pace.

Foam roll: upper back

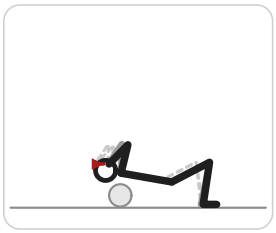
60 sec. Also roll quads, outer thigh, glutes, lats, calves: 30-60 sec each.

Side view

1. Roller under your upper back, hands behind your head, hips up.
2. Roll slowly from mid-back to the top of your shoulder blades.
3. Pause on tight spots and breathe. Stay off your low back.



Roll up



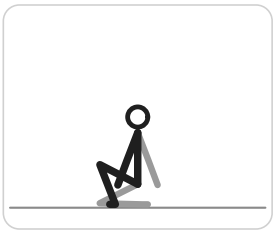
Roll down

90/90 hip switch

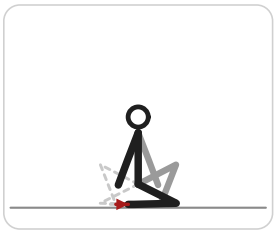
6 per side

Front view

1. Sit tall with both knees bent at 90 degrees, both to one side.
2. Lift the knees and rotate them over to the other side.
3. Hands behind you for support at first. Stay tall.



Knees left



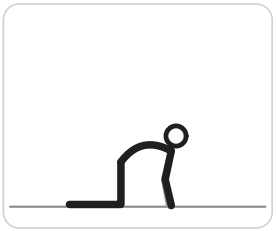
Knees right

Cat-cow

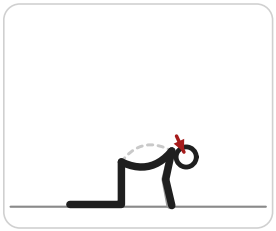
10 slow reps

Side view

1. Hands under shoulders, knees under hips.
2. Cat: round your back up, tuck your chin.
3. Cow: let your belly drop, lift your chest and eyes. Move with your breath.



Cat



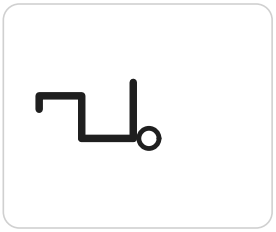
Cow

Open book

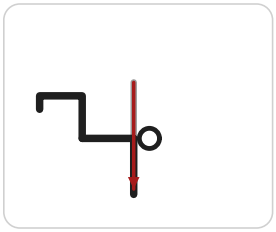
6 per side

Top view (lying on your side)

1. Lie on your side, knees bent at 90°, arms together in front.
2. Sweep the top arm open to the other side. Eyes follow the hand.
3. Keep your knees stacked on the floor.



Arms together



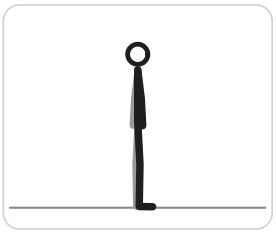
Open

Wrist stretch

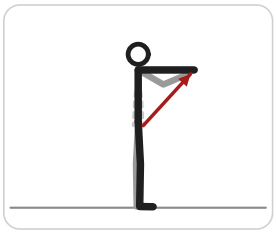
30 sec each way, each hand

Side view

1. Arm straight out in front, palm up.
2. Gently pull the fingers back with the other hand.
3. Then flip palm down and pull the back of the hand.



Stand tall



Pull fingers back

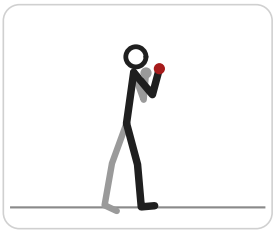
Dark limbs = near side Light limbs = far side Dashed gray = previous position Red arrow = what moves

The 1-2

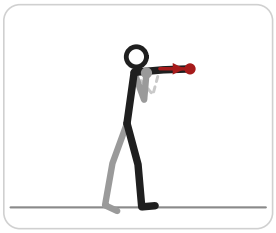
Light shadowboxing: 3 x 2 min at 30%. Slow and smooth.

Side view

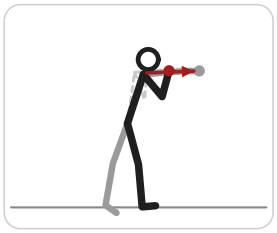
1. Jab, bring it back, then cross.
2. Breathe out sharply on each punch.
3. Step in with the jab. Step out after the cross.



Guard



1: Jab



2: Cross

- Breathing: 3-5 min slow nasal breathing with a long exhale.
