Stance and Footwork

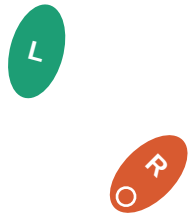
Orthodox stance shown from above. Southpaw: mirror everything.

The rule for every step: the foot closest to where you're going moves first. Never cross your feet.

Stance

Every movement starts and finishes here.

Orthodox stance

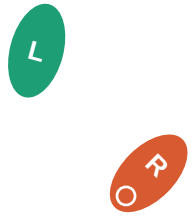


Feet:	About shoulder-width apart, lead foot forward.
Lead foot:	Toes turned slightly in.
Rear foot:	Angled about 45 degrees, heel up.
Knees:	Soft, weight even over both feet.
Hands:	Up, chin down, elbows in.
Check:	After every step, your feet make this same shape.

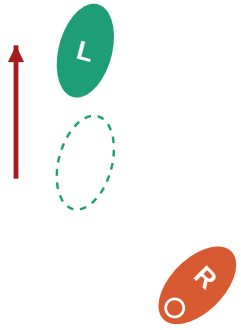
Step forward

Lead foot first, rear foot follows.

1. Set your stance

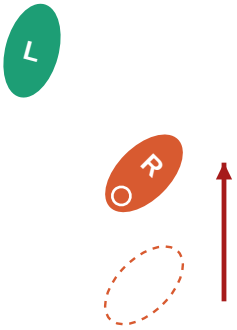


2. Lead foot forward



Push off the rear foot. Lead foot steps forward first.

3. Rear foot follows



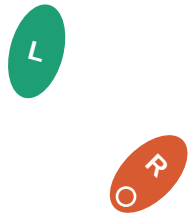
Rear foot drags up the same distance.

L / R = left / right foot (teal = lead, coral = rear). Circle = heel up. Dashed = where the foot started. Top of panel = toward opponent.

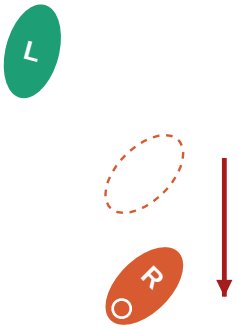
Step back

Rear foot first, lead foot follows.

1. Set your stance

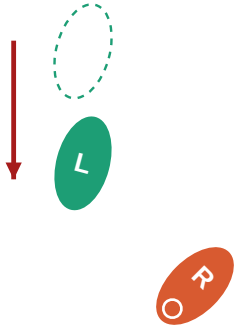


2. Rear foot back



Push off the lead foot. Rear foot steps back first.

3. Lead foot follows

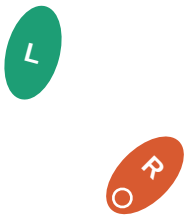


Lead foot slides back the same distance.

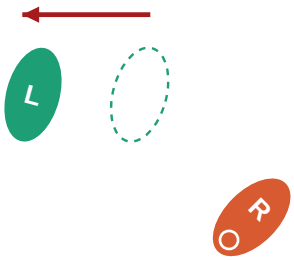
Step left

Lead (left) foot first, rear foot follows.

1. Set your stance

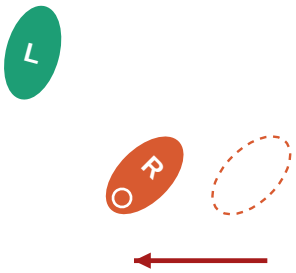


2. Lead foot left



Lead foot steps left first.

3. Rear foot follows



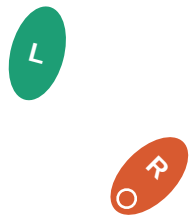
Rear foot follows. Never cross your feet.

L / R = left / right foot (teal = lead, coral = rear). Circle = heel up. Dashed = where the foot started. Top of panel = toward opponent.

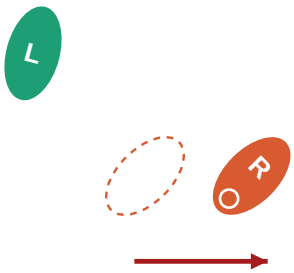
Step right

Rear (right) foot first, lead foot follows.

1. Set your stance

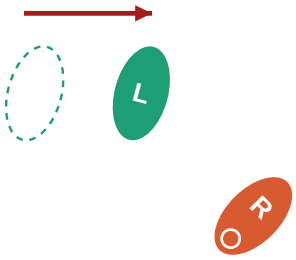


2. Rear foot right



Rear foot steps right first.

3. Lead foot follows

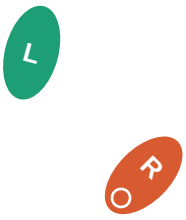


Lead foot follows. Never bring feet together.

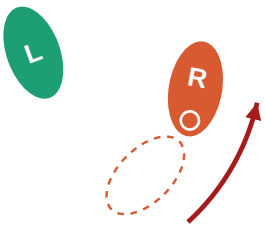
Pivot

Turn on the ball of your lead foot. Swing the rear foot to a new angle.

1. Set your stance

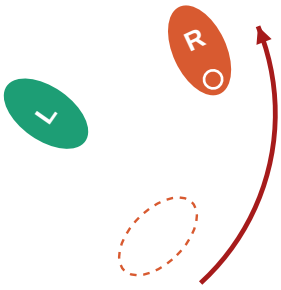


2. Start the turn



Stay on the ball of your lead foot. Rear foot swings around.

3. Finish the pivot



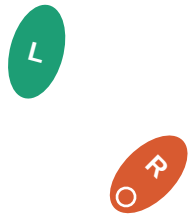
New angle, same stance shape. Hands up.

L / R = left / right foot (teal = lead, coral = rear). Circle = heel up. Dashed = where the foot started. Top of panel = toward opponent.

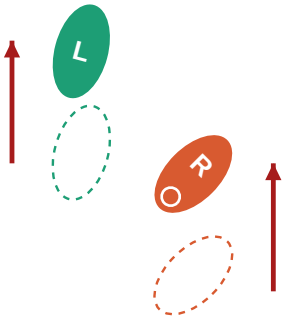
In and out

Both feet move together. Bounce in, bounce out.

1. Set your stance

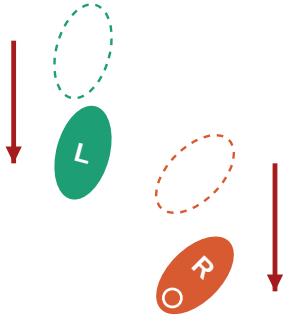


2. Bounce in



Small push off both feet. Land in your stance.

3. Bounce out



Straight back out of range. Hands up the whole time.

Lateral shuffle

Square athletic stance. The foot closest to where you're going moves first. Never cross or click your heels.

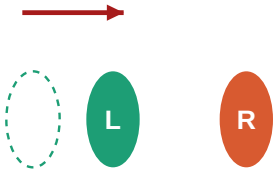
1. Athletic stance

Feet wider than shoulders, knees bent, chest up.

2. Right foot steps

Push off the left foot. Right foot steps right.

3. Left foot follows



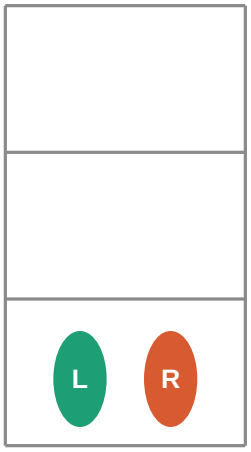
Left foot follows the same distance. Stay low.

L / R = left / right foot (teal = lead, coral = rear). Circle = heel up. Dashed = where the foot started. Top of panel = toward opponent.

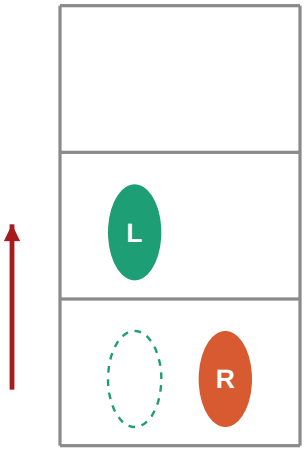
Agility ladder

Two feet in every square. Quick, light feet.

1. Both feet in

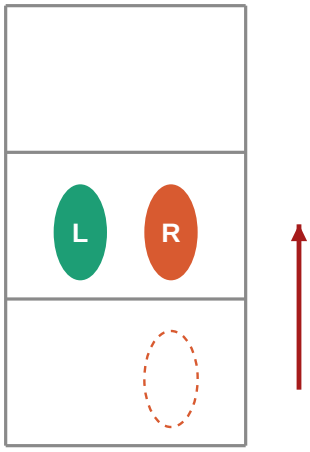


2. Left foot in



Left foot into the next square.

3. Right foot in



Right foot follows. Repeat to the end.

L / R = left / right foot (teal = lead, coral = rear). Circle = heel up. Dashed = where the foot started. Top of panel = toward opponent.
